WARNINGS:

Choking Hazard: Plastic bags can stick to the nose and mouth or be accidentally swallowed, impeding breathing.
Keep out of reach of children and do not use in cribs or cots.
Not a toy: Bags should not be left in the hands of children. Never allow children to play with them.
Safe disposal: Dispose of bags responsibly to prevent them from becoming a hazard or negatively impacting the environment. Dispose of them correctly according to your local regulations. Do not dispose of them in the environment, regardless of the material they contain.
Risk of cuts and waste dispersion: Overloaded, poorly closed, or sharp-edged bags can release their contents. Pay attention to the contents and use them correctly.
The outer packaging and pallets must be handled according to good practices.
The recycled "LDPE" material and the biodegradable material, as well as the additives used, may conduct electrostatic charges.
